These costs can also increase if counseling is needed for the dependent(s), scholarships are needed.

## OPEN ARMS

## NEW CREATION

The Greenville County Medical Society Alliance (GCMSA) is dedicated to improving the health and medical care of our community by promoting health education and supporting local health projects.

This year Front Porch has been chosen as recipient of our Spring fundraiser and we're reaching out to our local community for sponsors to support their health initiatives and programs.

Front Porch Housing is a three-year supportive housing program designed to help individuals and families who are trapped in a cycle of poverty, addiction, exploitation, and suffering.

Join us in our effort to help them build a firm foundation with the goals of continued sobriety, gainful employment, financial independence, and spiritual maturity leading to generational change and the betterment of our Greenville community.

All proceeds of Rock with the Docs will be donated to support Front Porch Housing's program and outreach and will assist in future plans to create a child development center so families have access to quality childcare on site.
